The Great Substitution

© Steven Patterson; Rooted Publishing ASCAP 2007

V1

D A Bm G
When I should stand before Your wrath condemned
D A D/F# G
When I should be the one, consumed with sin
D A G D/F#
When I should be the object of Your justice
Em A D
You took my place and died

V2
When I should stand, cursed from Adam's sin
With every breath my God offend
When I should be enslaved to law
Your grace broke through my mess

G D/F#
Love brought a different way,
G A Bm
Barged in to save
G Asus A
Yeah, the greatest substitution came my way
G D G A Bm
And I will sing to You, and with my life I'll say
Em D/F# G
Love has no greater than this

V3
When I turn away, and selfishly betray
It seem that I can only make mistakes
When all the guilt, tells me I'm unworthy
You only see Your Son
